Wymondley News

Davina from **Dini's Showstoppers** came to Wymondley on Tuesday morning to give children a taster of the club they run here on Friday evenings. Do get in touch with Dini's Showstoppers if, following your taster session, your child is keen to join.

Violin lessons began for **Year 3** children this week, while the Year 4 children started their recorder lessons. I attended a Music Hub meeting yesterday and heard lots of inspiring ideas from the other Lead Schools to support musical learning. We've had a kind delivery of fifteen cornets from the Music Service this week, and I hope to start a brass band club at Wymondley when time permits.

Today I had two exciting meetings - the first was with the **Friends of Wymondley** to plan dates for all the exciting events coming up this term. The second was with Angie from **Creative Chefs**, who I'm pleased to say would like to run a cooking club after school next half term. Angie will be visiting the children to talk more about the Creative Chefs club in October ahead of hopefully starting sessions in November. Watch this space for more information soon.

Next week, we welcome two trainee teachers to Wymondley. **Mr Lawrence** will be joining the **Peacocks** class, and **Miss Sexton** will be with the **Toucans**. These trainees will be part of our Wymondley staff team until the end of this academic year and we know that all our parents and pupils will support them and make them feel very welcome.

It is our **school photo** day on **Monday** so please remember to look smart!

Puffins

THIS WEEK'S ROUNDUP...

What a fantastic and busy week we've had in Puffins!

We jumped into our Phonics lessons and are now mastering the letters 's, a, t, p.' The children have been working so hard on writing their names, practicing the alphabet, and getting to grips with numbers 1-10.

It was a special week for the Puffins, who attended their very first Singing Assembly and loved singing all the Harvest songs.

In Maths, we've been having fun with the numbers 1, 2, and 3. We learned how to make and write them, and the children especially enjoyed using Numberblocks to help us.

For RE, we're exploring the question, "What makes us special?" The children shared some wonderful ideas about what they're good at and what makes them unique.

Please could we also ask that everyone accepts the Google Classroom invite as soon as possible.

Eagles

THIS WEEK'S ROUNDUP...

In Science, Eagles class began their new topic on 'Changing circuits', focusing on how static electricity is generated. The class conducted three investigations: separating salt and pepper, floating plastic and jumping paper. The investigations demonstrated that by rubbing two different objects (like a balloon and hair) electrons will transfer from one to the other, creating an imbalance of positive and negative charges. Objects with opposite charges attract, and objects with like charges repel, causing the charged objects to move towards or away from each other.
